

AGM DAY 28/11/1999

Beautiful fine weather for the last event of the year, the Runnersworld Relay at Chewton. The courses and maps were produced by Brumby but the day's organisation was by Yarra Valley and the juniors.

Instead of the usual 5 person teams we had 4 teams and as in the previous year each person ran twice. It was well done with each person having but one map with two courses marked on it --- after running the "A" controls the map was handed in until passed out later for the "B" controls. Few actual controls had to be placed for the event, and there was no need for detailed timing, merely the overall time when the 4th runner ran home the second time. A low-key low-maintenance event.

Marion had chased up 10 NE teams, 40 persons, but 5 dropped out due to injury or other engagement, unfortunately including some better runners, so that left 8 re-arranged teams and one of three for which *Adrian Jackson* doubled up.

First and second in the Relay went to Bendigo club with NE coming 3rd with our *Jackson* family team (they were 4th last year) --- from memory that's the best we've done.

Following the event there was the VOA's Special General Meeting to vote chiefly on the matter of eligibility to enter the Vic Champs and Vic Relays. *Laurie* under her presidential hat, conducted the meeting very well and a number of speakers put their views on the various motions, among our number they were *Peter J* who spoke against the main motion, and both *Dorothy & Sue* who expressed the general view that the Relays should be seen distinctly to the Vic Champs.

Referring to the yellow VOA handout, motions 1 & 4 lapsed, motions 5, 6, & 7 were carried without dissent, motion 3, after a wording amendment by *Peter*, was carried --- the contentious No 2 failed and VOA Cttee is to reconsider and re-draft the desired changes for voting upon at next AGM or SGM.

Next came the presentation of Orienteer of the Year Awards conducted by Blair Trewin.

James F	M14	Alice E	W10
Kevin M	M50AS	Melinda J	W12
Colin S	M65	Helen E	W35
Paul A	M75	Laurie N	W45
		Dorothy A	W60
		Joyce R	W65

Maybe *Dorothy* could be shown twice for being omitted last year!

Following the OYs there were the club awards:-

Rockhopper trophy for the club with most OY points on A courses --- yes, NE won it again. Details aren't available at time of writing.

Qantas trophy for the club winning the highest number of points in the Australian Champs --- to NE as acclaimed in the last issue.

Next came the Rockhopper awards of \$250 each to the most promising male and female juniors, to *Kathryn Ewels* and *Adrian Jackson*.

By this time a number of NE's had left, to return to work, or for other engagements, and we were thus reduced to 19 adults who moved camp slightly (from the gazebo) to a more shaded position where a pleasant AGM was held in bush surroundings.

Ron F gave a verbal presidential report covering our activities including bush O, street O, Night O, Mntn Bike O, Rogaining and our Christmas in July. On the sadder side he noted *Arthur's* stroke and the death of *Lewis Schofield*.

Marion's comprehensive financial report is overleaf --- in view of our good financial position AGM decided to keep m'ship fee at \$10 per address.

Newsletter and Equipment reports were handed out but are of little consequence. However, it was thought that appreciation should be made to *Erica Johnson* for the continued use of her double garage and a gift of a glass dragon was made.

It was also resolved to pay our auditor an honorarium of \$50. And a further surprise in that AGM presented *Marion & scribe* with a club inscribed glass each in recognition of consistent service to the club.

Our Vin Maloney trophy award went to *James Fell* and our most improved on handicap were *James*, and *Alice Edmonds*.

There were no changes to cttee personnel.

By this time of day (4.00 pm) more had gone homeward so few of us were left to repair to *Janet & Arthur's* as planned --- *Johnsons, Adrians, Sue, Joyce & Gordon, Kevin*.

The whole Castlemaine area seems to be in a rain shadow and is very dry but the *Thurlow* garden has come on quite well despite the attention of kangaroos. So effectively ended the bush orienteering year and the regulars, other those going to NZ, would have to suffer bush deprivation for a few months.

Club day winner James Fell

2000 handicaps remain the same as 1999 if less than 6 events completed

Thanks to *Ron S* for the above listing of our 1999 OY Results.

600 is the break-even point for handicap variation ---- those whose best 6 OY totals exceed 600 have their handicaps increased, those below decrease. Note how *Alice* rockets from 66 to 90!

On a membership basis the above constitutes almost exactly 50%; in other words half of our members didn't go to any OYs at all.
