AWARDS

Vin Maloney Trophy: There being no appropriate events for deciding this award it was decided that the Trophy should stay in the hands of the Winner for 2020, Lauris Sterling.

Most Improved Competitor: There being insufficient events in 2021 to make an assessment there will be no Award in 2021.

Emu Service Awards:

This is the first year in which these Awards are introduced. The concept has been discussed at Committee level where it was concluded that there should be a way of recognising contribution to the Club, not necessarily just for being a superior performer within the sport, but in assisting and supporting the Club through long term and universally recognised contributions.

In general these are to be Awards for Club supporters who have ceased active competition.

This being the first year of the Award the number of those recognised is larger than is likely in succeeding years.

For 2021 the Awardees are:

Russell Yeoman
Sue Healey
Joyce Rowlands
Helen Schofield
Robyn Sunderland

Bill Johnson
Erica Johnson

The AGM unanimously approved these Awards and congratulated the recipients.

Election of Office Bearers

Ian Parry

General Business:

The OA/ OV Strategic Plan [distributed earlier by email] was briefly discussed. The AGM resolved to accept the Plan as providing input to the development of a Strategic Plan for the NEOC.

Meeting closed 3:00 pm

APPENDIX B PRESIDENT'S REPORT

NEV PRESIDENT's Report for 2022.

Great to have been able to Orienteer again without strict COVID restrictions. However, for the record, Victoria is by no way COVID free. We are presently “ living with COVID”.

When reviewing the last 12 months, probably the most encouraging standout, was the increase in our number of active juniors. A key driver was Carolyn Layton , but there may have been others .

We had a number of our juniors in the Vic State squad and teams.

The saddest moment was hearing of the death of Ian Stirling (Stirls).Ian was a very long-time contributor to Orienteering in Victoria and to NEV in particular. He will be greatly missed.

It was great to be back in the bush. We had successful State series events at Sandon and Crocodile Reservoir. Also MelBushO at Candlebark ,Tikilara and Hawkestone.

A personal highlight was NE's contribution to the Australian Middle-Distance Champs at Blackwood.The event had some challenges, including heavy rain beforehand and nearly 1000 competitors, but NE volunteers rose to the occasion.

As usual NE was a major contributor to Park and StreetO. A special thank you to our co-ordinator Lauris.

We are still involved in MTBO, although mainly through the efforts of Rob and Helen Edmonds.

The Nivens continue to look after our equipment and trailer. Thank you Laurie for “ equipment update”.

That is a useful document.

David Prentice now has a good handle on our finances, which are in a strong position. Also thanks to Robert Hudson for providing an independent review.

Laurie Niven again most capably organised the bush calendar for OV, including the major task of obtaining land use permits.

A special thank you to all our course setters, organisers, event helpers and committee members.

Ron Frederick -President.

APPENDIX C 1 TREASURERS REPORT 2022

Treasurers Report for 2021-2022

December 9, 2022

Overview

The Nillumbik Emus OC remains in a healthy financial state. Our cash state remains about the same but we have added over \$2000 in mapping software that will be used by club members to set street and bush events.

Detail.

I would like to begin by thanking Robert Hudson for once again thoroughly reviewing the accounts for this year. I would also like to thank the event organisers and others who incurred expenses for their prompt supply of receipts and their patience, at times, in awaiting reimbursements. For the first time for several years we had a near complete park and street, MTBO and bush series. Specifically, we were able to run and contribute to five bush and MTBO events this year:

- Sandon
- Candlebark
- Tikilara
- Crocodile Reservoir
- Hawkestone

We also extensively contributed to the park and street orienteering competitions around Melbourne and Geelong, including the Melbourne Sprint Week. All of these events yielded positive returns which contributed to the club's financial position.

Finally, as well as being able to meet regular expenses, Nillumbik Emus was also able to provide support for the families of juniors throughout the year.

David Prentice,

APPENDIX D EQUIPMENT REPORT

NEV 2022 AGM - Equipment update – Laurie Niven 07-12-222

Apart from the normal ongoing maintenance things, this year's Aus carnival prompted a useful equipment stocktake. We were asked, for example, how many control flags we had that were "decent, and unfaded", and could we provide an event with as many flags as we had stands. The need to lend our SI units to the Aus Relays meant checking them carefully eg for remaining battery life; etc.

Here is a list of some of our more vital equipment, and actions taken / proposed / foreshadowed:

First aid kit	In a backpack plus space blanket	<i>Contents probably due a check</i>
Control flags	40-46 "decent" flags but most are not in great condition. The rest are currently awaiting disposal	<i>Purchase of a complete set of new flags has been approved by the committee</i>
SI units	2 x start, finish, check, clear/master Our units are 101-165. Battery check revealed: * start, finish etc = 47%-52% = ok for now * but 103 = 22% = too low to use * all but 3 of the rest = at 30-38% (most < 35%) 133, 143 = water-damaged, unusable 101, 102, 112 = stolen from Aus relays	<i>All "numbered" units will get new batteries from Ian Davies over the summer (cost ~\$1400) 5 new units are on order from aussieogear (cost ~\$200 ea) – Carnival invoiced for the 3 stolen ones</i>
SI-related	20 SI hire sticks plus a set of loan SI air sticks for MTBO Lots more rolls of printer paper still for the splits printer	
Trailer	New "solid" jockey wheel now in service (replacing flat pneumatic one) New padlock for "home tree" now replaces lost one Cover not in great nick however (lining half gone); <i>does this matter?</i>	
Control stands	Ready to use with small SI unit clips: start, finish, clear, check (all on lighter poles) 49 heavier stands; 6 lighter ones = 55 plus >10 in workshop	
Tents	The 4 newer labelled marquees in the long black bags, poles inc are doing us proud	

	The 2 older white ones each with two separate bags of long poles are still good
Tables	<p>5 big tables – these all used to all live in the trailer; <i>if we don't want to take them routinely to events, their storage will become an issue ...</i></p> <p>Smaller ones borrowed from Hudsons for carnival – <i>now returned??</i></p> <p>1 smaller one in container not in great condition – <i>but street O has others?</i></p>
Signs	300m 200m 100m plus “orienteering” with arrow = enough for most events tho <i>most could do with re-stringing</i>
Water containers	15 x 15L drums; 2 x 20L drums Cups – currently lots
Hi-Viz vests	<p>We bought lots of these when they were “required” for night O participants. 12 were lent to Carnival but their return not sought – probably now in schools kit</p> <p>We have 12 in bag regularly taken to events, and another dozen unused ones in a box.</p>
Timber for muddy access	We now have lots of this, tho the flat timber bought for the Carnival is <i>stored outside in the weather, no room in the inn.</i>

99 email addresses for Emus Online newsletters and memos.

The proportion of female and junior members has increased from the previous year while overall membership has remained steady. Carolyn Layton has been a key influencer in boosting our junior stocks.

Nillumbik Emus organise many events throughout the year across all facets of the sport. It would be good if we could translate this effort into attracting new members.

It was sad to report the passing of two members: Ian Stirling and Daniel Edmonds.

Summer Series 2021-2022

Maprun is fully embraced. This in conjunction with 'OTrack' provide the information required to manage the results and finances.

At the event organisers manually record participants as they arrive; verify they have entered via O-track and collect money if required. A new feature for payment is the 'Multipass'. A multipass is for 10 events and can be used for any park and street event.

I would like to thank all of our members who assist with course setting. Their support is greatly appreciated. Robert Hudson is ably assisting me managing the NE course setters.

Course setters :

Robert Hudson, Schon & Geoff Hudson, Rick Bailes, Martine Barrot, Andrew Johnston, Stuart Capel (friend of Andrew), David Prentice, Michael Stillwell, Geoff Hudson, Bernie Shuttleworth, Peter Lewis, Rob Edmonds & Jeff Hughes.

Nillumbik was required to provide course setters for :

6 of 25 Monday series; 5 of the 23 Tuesday series and 5 of the 26, Wednesday series.

Course setters for the Thursday Northern series – YV provide 6 of the 23 events. We organize the rest but have access to volunteers from other clubs.

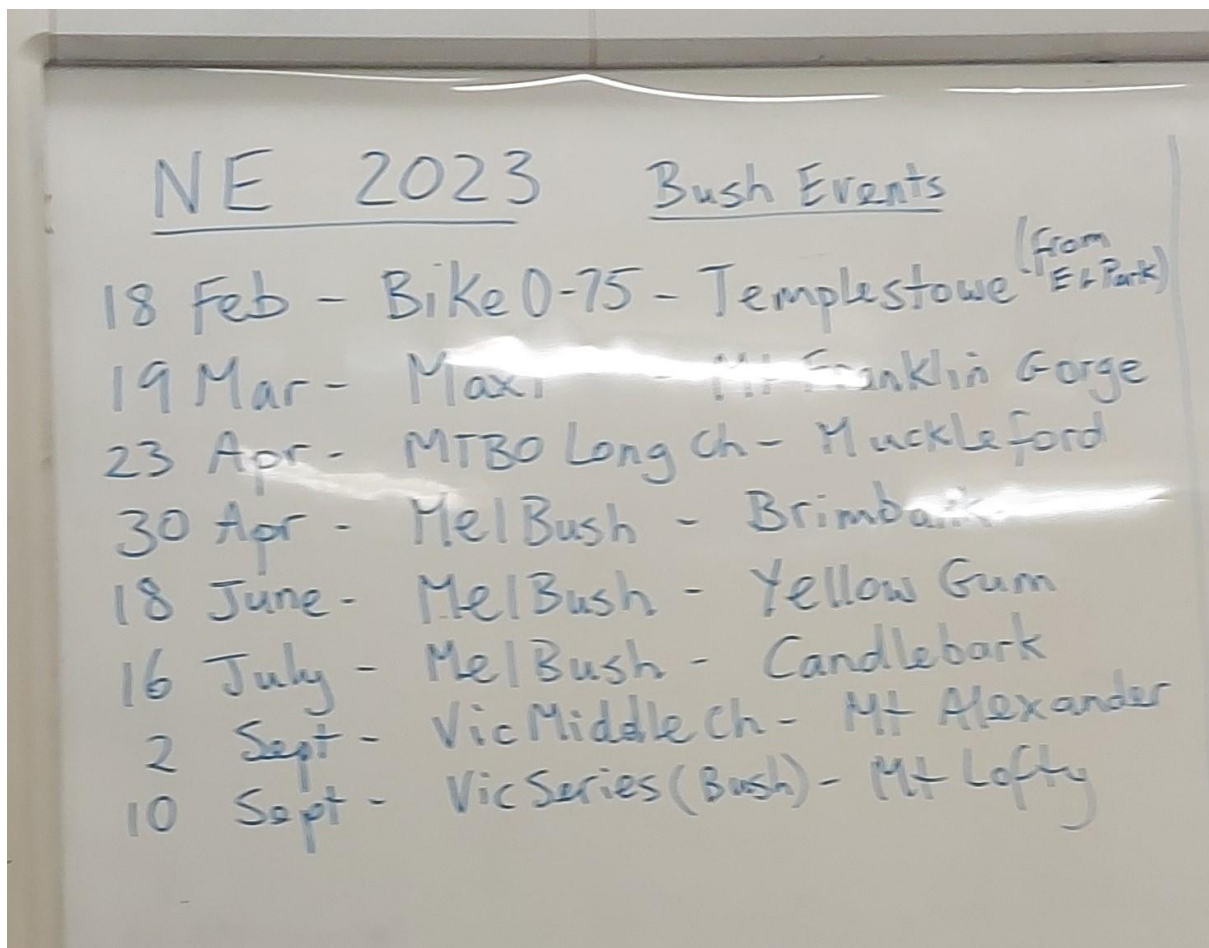

We finally we ran Andrew Johnston's 2hr "Enduro" It did not disappoint.. Andrew not only set the course, he mapped this new area.

Thank you to our Series co-ordinators – NE take on a lion's share of this responsibility

Robert Hudson, Geoff Hudson, Michael Stillwell and David Prentice

In the Western Series and the Surf Coast - Don and Fiona Fell are heavily involved.
